

open at 35 Degrees, the same as Chester County.

## Legal Clinic

This month, we had one of our Legal Clinics in partnership with Episcopal Legal Aid. Our friend and lawyer, Steve Chawaga, was able to see 11 people and open 6 new cases. We love being able to offer this service to our clients and community. Many times, lack of access to legal advice or aid can escalate smaller issues into larger problems and pose as significant barriers for those

experiencing homelessness and poverty. Last year Episcopal Legal Aid was able to help 25 clients and we are so grateful for their dedication to meeting our clients' needs.
